GUARDIAN by ZERO

CUSTOMIZED PROTECTION FOR YOUR SPECIFIC CONTENTS

ZERO knows that extraordinary needs demand unique capabilities. We also realize that your equipment is invaluable and requires protection that may not be an off-the-shelf solution. Using GUARDIAN cases, our protection experts can design and build custom internal hardware-mounting and foam configuration options that offer the highest degree of protection possible for your specific contents and applications.

Equipment Mounting and Customized Foam Options as Limitless as Your Applications Require

GUARDIAN cases have pre-molded slots, for optional metal or plastic brackets which support either an optional Panel Ring or a direct connection to a custom panel allowing for nearly any configuration possible. No drilling is required and panels are only affixed using screws attached to the mounting brackets, the cases remain waterproof without any compromise to strength.

Options

- Custom Foam
- Plastic Clips
- Metal Clips
- Panel Ring
- Equipment Panels

Call 1.800.500.9376 or email sales@zerocases.com for engineering & design assistance to meet specific requirements and customization.

The GUARDIAN line offers the highest durability in an external case with the specific yet flexible protection inside that individual applications demand.

- Made of Copolymer Polypropylene Compound
- Chemical Resistant

GUARDIAN cases are tested and certified to the following standards:

- IP67 Waterproof, Dust-proof
- Defence Standard BS 41 Level J
- STANAG 4280 (section 2)
- Conformity with the Directive 2002/95/EC

Our creative custom design solutions are proven to meet the demanding complex needs of some of the toughest industries including the military, aerospace, industrial, oil and gas, electronics, medical and broadcast and telecom fields.

NEED A CUSTOMIZED PROTECTION SOLUTION?
We Offer In-House Customization and Modification.

CUSTOMIZED PROTECTION FOR YOUR SPECIFIC CONTENTS

ZERO KNOWS that extraordinary needs demand unique capabilities. We also realize that your equipment is invaluable and requires protection that may not be an off-the-shelf solution. Using GUARDIAN cases, our protection experts can design and build custom internal hardware-mounting and foam configuration options that offer the highest degree of protection possible for your specific contents and applications.

EQUIPMENT MOUNTING AND CUSTOMIZED FOAM OPTIONS AS LIMITLESS AS YOUR APPLICATIONS REQUIRE

GUARDIAN cases have pre-molded slots, for optional metal or plastic brackets which support either an optional Panel Ring or a direct connection to a custom panel allowing for nearly any configuration possible. No drilling is required and panels are only affixed using screws attached to the mounting brackets, the cases remain waterproof without any compromise to strength.

OPTIONS

Custom Foam, Plastic Clips, Metal Clips, Panel Ring, Equipment Panels

CALL 1.800.500.9376 OR EMAIL SALES@ZEROCASES.COM FOR ENGINEERING & DESIGN ASSISTANCE TO MEET SPECIFIC REQUIREMENTS AND CUSTOMIZATIONS.
